

# Errata to “RM-MEDA: A Regularity Model Based Multiobjective Estimation of Distribution Algorithm”

Qingfu Zhang, Aimin Zhou and Yaochu Jin

In the above paper [1], Fig. 20 was wrong. It should be replaced by the following figure:

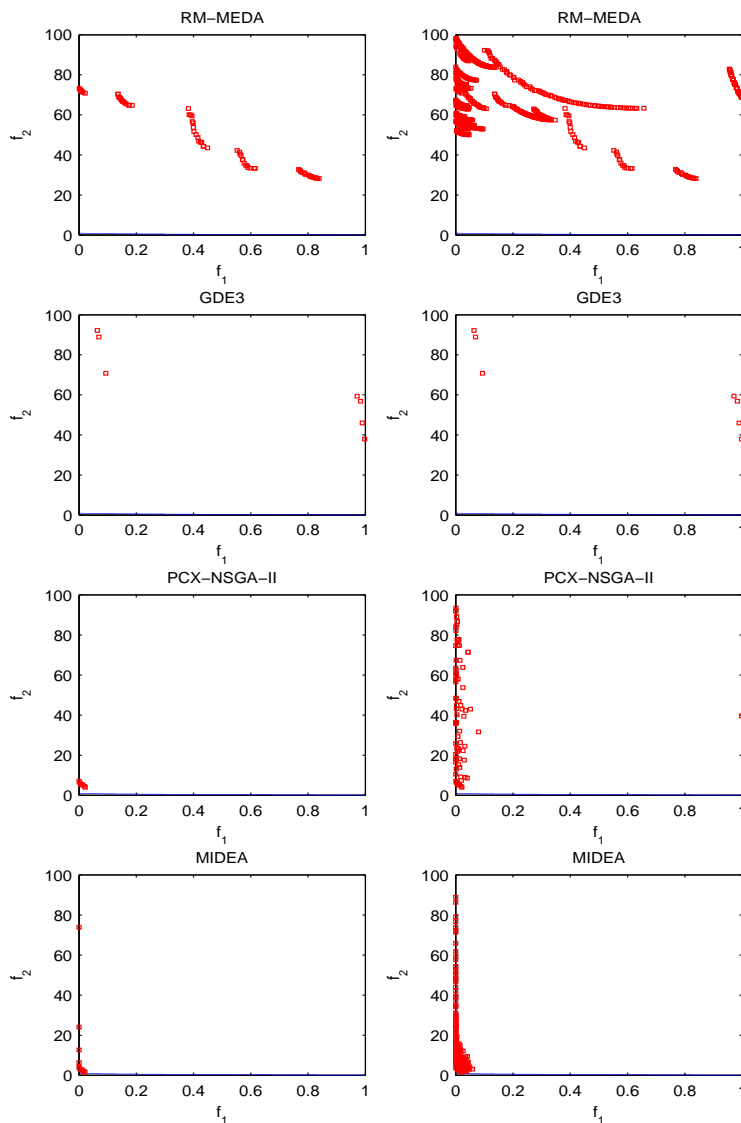

Fig. 20. The final nondominated fronts found by each algorithm on F10. The left panels show the nondominated fronts with the lowest  $D$ -metric obtained by each algorithm, while the right panels plot all the 20 fronts together found by each algorithm.
